GERMAN troops are locked out of north Africa so effectively by the British naval command of the Mediterranean that reports of German pressure on Marshal Petain for permission to send an army into French Tunisia must be accepted with much reserve. Even if Vichy's consent were given and the Germans were able to reach Tunisia, it would now be too late for them to reach the Italians from the Libyan desert.

Except for the passage from Gibraltar to Costa Tunisia in the nearest part of north Africa to Europe which is why reports credit the Germans with seeking a landing there. The distance from the city of Tunis is only 50 miles, across the Sicilian strait, where the British cruiser Southampton recently was destroyed by German air bombing.

It would be precarious however for the Germans to try to transport an army over the Sicilian strait, with British war vessels and planes in operation. Embarking the troops and their heavy equipment in Sicily would itself be an invitation to heavy British air attack before the expedition could get under way.

Antonescu Planning New Organization To Work With Germany

"Loyal Shadow Of Great Fuehrer" Behind Him Says Premier In Calling For Purge Of Iron Guards

By ROBERT ST. JOHN

BUCHAREST, Jan. 25.—(AP)—Vice-premier Horia Sima, described as leader of the Rumanian rebellion, was reported under arrest today as Premier Ion Antonescu called on Iron Guards to purge themselves or be purged and proclaimed: "I have behind me the loyal shadow of the great Fuehrer."

In the past many Iron Guardsmen have committed suicide at such suggestions from their leaders.

Sim, Antonescu, who claims mastery of the nation after a week of blood and terror, announced he was forming a new political organization to promulgate "common spirit" among Germany and Italy, and voiced gratitude for German backing.

There was no elaboration of the report Sima, from German chief, had been taken.

BUCHAREST, Jan. 25.—(AP)—Rumanian troops, steadily raiding remnant nests of rebels in the capital, were reported to have taken 320 "important" insurgents from one of their strongholds at noon today.

Premier Ion Antonescu threw an unbroken chain of picked forces around the city to prevent escape of rebels from Iron Guard leaders.

No Drafting Of Labor At Present Time Says Hon. C. D. Howe

WASHINGTON, Jan. 25.—(CP)

Hon. C. D. Howe, Canadian prime minister, newly returned from Britain, said today that Canada for the present will not draft labor at home for the war effort.

He said that the government would attempt an invasion of America if the British navy should ever be defeated. He urged passage of the lend-lease bill to aid Britain.

He also said that he had visited the French government before the outbreak of European fighting, but the United States would not come into the war.

This was Britain's reply to charges that he had led France to count on United States entry into the war.

Such charges, Hull said, had been "inspired by the German propaganda machine."

Rebellion Sweeps Through Ethiopia As Advances Made

Marshal Rodolfo Graziani Abandons Headquarters At Citre—Most Of Garrison At Derna Withdrawn

CAIRO, Jan. 25.—(AP)—British general headquarters announced today a column of Italian medium tanks was "dispersed" yesterday three miles east of Derna, or about 175 miles inside Libya from the Egyptian frontier.

A communiqué also reported "further patriot (native) successes" in Ethiopia and added that the Italians had abandoned more posts. About 600 prisoners were taken in Eritrea, it said, while those captured at Tobruk probably would number "not less than 20,000."

Large quantities of guns and material are being sorted and checked at Tobruk, the communiqué said.

Marshal Graziani has removed his Libyan army headquarters from the Akdar mountain town of Citre and withdrawn most of the garrison of the port of Derna. From the path of the British drive west of the amassing Tobruk, military circles reported today.

CAIRO, Jan. 25.—(BUP)—Revolt was reported today to be spreading rapidly among Ethiopian tribesmen as a new seep through the country that British forces were driving through Italian Eritrea and had crossed the Ethiopian and Italian Somali frontiers from Kenya to the south.

The Italians were threatened by uprisings in the vicinity of Lake Tana, source of the Blue Nile, in northwest Ethiopia, as the British to the north of the Nile.

PHOTOS SHOW ACCURACY OF R.A.F. BOMBING

Pictures Taken Following Attack On Kiel Base Show Results

LONDON, Jan. 25.—(CP)—Accuracy of British bombing was disclosed in Royal Air Force pictures taken after a raid on the heavily-guarded German naval base at Kiel.

While full extent of the damage is not revealed because of the great effort to have the pictures recovered, experts are convinced damage was done to at least two major shore objectives, and in shipping.

EXTENSIVE RESULTS
Both the main pier station at the old Imperial docks, where the Deutsche Werke yard and the torpedo and gun shore of the naval arm had been, and the main pier station at the main pier station was undergoing extensive repairs. One large port pier had been completely destroyed, broken down indicated the road had been destroyed.

U.F.A. VOICE SALES POLICY ON 1941 CROP

Would Have Government
Take Over Marketable
Portion Yield

CALGARY, Jan. 25.—(CP)—A consolidated resolution of a 1941 wheat policy which would allow the dominion government to take over the marketable portion of the wheat crop, and to assist the farmer by cash advances on their stored wheat, was the most important of many passed by the United Farmers of Alberta at their closing session of a four-day convention Friday night.

Other resolutions proposed the provincial government's rulings on "advance" gas for farm use, and the granting of butter, at "too low" a price.

UNION URGED

Support was given a resolution suggesting that every effort be made to bring about an amalgamation of United Farmers of Alberta and United Farmers of Canada (Alberta section).

The wheat policy resolution urged that all of the deliverable portion of the 1941 marketable crop shall be marketed through the Canadian wheat board, on which the producer's share shall be adequately represented.

That the Canadian wheat board act be amended at the next session to provide for a substantial increase in the guaranteed initial price paid to producers on delivery of their wheat.

PROCESSING TAX

That until the price of wheat reaches and maintains a price level which is on a parity with the cost of things which enter into the cost of producing such wheat, a processing tax of not less than 40 cents per bushel shall be placed on all wheat milled for flour.

That in order that producers may be permitted to share equitably in whatever market may be available during the 1941-42 cereal year, a price shall be fixed preliminary on a basis of a percentage of the average production of each producer over a term of years.

CATTLE PRICE ON INCREASE FIGURES SHOW

Greater Demand Tends To
Strengthen Economic
Situation

By FRANK FLAHERTY
OTTAWA, Jan. 25.—(CP)—Rising prices for cattle constitute one of the brighter aspects of the current economic situation from the point of view of the Canadian farmer.

Good steers brought \$0.90 per hundredweight on the Toronto livestock market this week, the best price since 1937. Other grades of cattle and other markets were correspondingly strong.

This week's price resulted from a steady rise which started in November after a lower seasonal price slump than usual in the late summer and fall.

DOMESTIC DEMAND

Increased domestic demand for beef due to greater purchasing power from wartime activity and employment is responsible for the situation, in the opinion of students of the market.

Coupled with increased domestic demand is a good export trade to the United States. While exports are lower in volume than a year ago, they quickly remove any temporary surplus of heavy cattle and so avoid occasional market setbacks.

But the market is not without signs of agricultural indicators. Canadian farmers are not rushing cattle to the market to take advantage of prevailing prices. All signs point to a tendency on the part of the farmers to hold and avoid occasional market setbacks.

U.S. President Extends Handclasp Of Welcome To Halifax, Britain's Envoy

WASHINGTON, Jan. 25.—(AP)—Viscount Halifax, the new British ambassador, expressing confidence that Britain can "win through" if the United States steps the help she needs, arrived here with President Roosevelt Friday night after a precedent-breaking personal meeting in Chesapeake Bay.

Lord and Lady Halifax drove back to Washington with the president in a downpour. The British embassy shortly after 3:30 p.m. M.T., and said goodnight to them on the embassy steps.

The president had motored earlier in the afternoon to Annapolis, Md., and back on the yacht Potomac at 3:00 p.m. to go out to meet the British ambassador.

Lord and Lady Halifax and the ambassador's immediate staff transferred to the Potomac in a drenching rain and while that craft was returning to shore they had dinner with the president in the latter's cabin. Also at the table were the British ambassador's wife, Mrs. Frank King, and Harold R. Stark, chief of naval operations.

Before coming ashore Lord Halifax received reporters on the Potomac's main deck and read excerpts from a statement which said:

"The more quickly your generous help can be made effective, the sooner shall we be able to break this Nazi power that is trying to enslave Europe and the world."

Charles Peake, private secretary to the new British ambassador, was the first to walk ashore from the ship. Smiling despite the cold, driving rain, Peake had slung over his left shoulder an old First Great War helmet and a more modern gas mask. He said they belonged to Lord Halifax.

Asked why they were needed over here, Peake replied simply: "One never knows when one might have to use them."

Members of a United States military mission to Great Britain, headed by John C. H. Lee and Rear Admiral Robert Lee Gormley came over on the battleship.

Lord Halifax carried ashore his black coat and high-topped overboots.

Handclasp of welcome. The president clasped the hand of the tall envoy after the presidential flag several miles out in foggy rain, rain-swept Chesapeake Bay, and brought him and Lady Halifax to shore.

The two men—each coming here to represent his country at its most critical stage in history, and the other speaking for an American nation preparing to send millions of increasing quantities to the beleaguered island—had time only for a brief, late afternoon exchange of greetings out in the Annapolis roadstead.

They had an opportunity for a longer review of the war on the motor trip back to Washington from Annapolis in mid-afternoon when the same route the president carried had travelled from the White House to the United States Naval Academy docks.

The 25,000-ton battleship reached Annapolis about six miles from Annapolis in mid-afternoon when the same route the president carried had travelled from the White House to the United States Naval Academy docks.

Lord Halifax's arrival came at a time when the Colingwood was conducting a search for the British ship HMS Colingwood, which was reported as having been sunk in the Atlantic. The president has proposed a lease-lend system of material aid to Britain, has asked additional military equipment as quickly as possible.

RAIL WORKERS ARE AWARDED GEORGE CROSS

Waymen Save Carloads
Of Explosives During
Raids

By LOUIS HUNTER
LONDON, Jan. 25.—(CP)—A hail-raising heroism has brought the George Cross—the highest civilian award for bravery—to Norman Tunns, a Birmingham workman, who saved a carload of bombs struck by incendiaries.

The award was announced Friday in the London Gazette, which listed exploits of 46 other men and women who won the George Medal for heroism during fires and bombings in London and provincial districts.

In addition 21 O.B.E.'s were awarded and more than 100 men and women were "brought to notice for brave conduct in civil defence," the Gazette said.

Tunns, a Great Western Railway shunter, was given the cross for courage when enemy action on the Liverpool pool area resulted in a number of serious fires. The railwayman discovered two incendiary bombs burning on a freight car containing 200 pounds of high explosive bombs. He extinguished the incendiaries and removed them from the car. The top layer of heavy bombs was hot when he did so.

His courage was one of many examples of heroism which the George Cross has been awarded to men and women in the United Kingdom since the outbreak of the war.

Harold John Savage, a London Southern Railway yard worker, was given the George Medal for saving a carload of explosives from incendiaries set fire in one of 10 cars loaded with explosives.

Savage arranged a shouting movement to isolate it, put out the fire and stopped what would have been a "very disastrous explosion."

George William Povey, of Chelmsford, a pneumatic drill worker, was awarded the George Medal for saving a bomb which was about to explode in a unit in the removal of unexploded bombs on the second floor. He was involved great risk, according to the official account, "in the heroic and willing acceptance of the danger."

The women are Scout Captain Wilson, Ottawa; Mrs. R. L. Blackburn, Ottawa; Mrs. George T. Faldut, Jr., Brockville; and Mrs. R. W. Reford, Montreal.

Toronto Man To Be Sentenced On Assault Charge

TORONTO, Jan. 25.—(CP)—Allen B. Parsons, whose arrest last week followed a seizure of a mobile radio transmitter while said was used for spreading Communist propaganda, Friday was remanded in Jan. 27 for sentence on a conviction made last week of assaulting Constable David Maxwell of the Royal Canadian Mounted Police.

The charge of assaulting Constable Maxwell was laid when Parsons was said by police to have resisted arrest after the mobile transmitter was seized.

FIRE CAPTAIN
IS INJURED AT
CALGARY BLAZE

CALGARY, Jan. 25.—(CP)—Captain George Jay, veteran Calgary fireman, was seriously injured as firemen battled a stubborn blaze in a downtown warehouse, in 15 below zero weather Friday evening.

Captain Jay, suffering from a fractured hip, was taken to the General Hospital.

Early in the blaze, flames entered the fireman's home for men, a home for old age pensioners, but were kept under control by firemen, a block away, prevented fire spreading.

Captain Jay was injured when he slipped from an ice-covered ladder and fell 20 feet to the ground. Other firemen extricated him from embers and burning rubble. X-rays are planned this morning to determine extent of his injuries.

United Farmers
Want 'Full-Time'
For Department

CALGARY, Jan. 25.—(CP)—The United Farmers of Alberta are not going to ask for the Hon. J. G. Gardiner's resignation, but they are going to ask for a "full-time" minister of agriculture.

A strong resolution asking for Mr. Gardiner's resignation and the appointment of a "competent full-time minister of agriculture" was modified at the closing session of the four-day convention Friday night.

One delegate considered the original resolution "unfortunate" and the mark was "unfortunate" and "unfortunate."

HOWE RETURNS FROM ENGLAND WITH HALIFAX

Travels Across Atlantic To
U.S. Aboard British
Battleship

WASHINGTON, Jan. 25.—(CP)—Hon. C. D. Howe, Canadian minister of munitions and supply, arrived in Washington Friday night en route to Ottawa after an extended visit to Britain.

Mr. Howe travelled across the Atlantic aboard the new British battleship King George V which also bore Viscount Halifax to the United States in his post as British ambassador at Washington.

The minister made no statement Mr. Howe and nothing about his learned of his movements or plans. It was understood he intends to leave immediately for Ottawa.

Ottawa Is Advised
Of Minister's Arrival

OTTAWA, Jan. 25.—(AP)—Official word that Minister of Munitions and Supply, Mr. C. D. Howe, had returned from Britain about the British battleship King George V was received by the external affairs department late Friday. It was learned last night.

Presumably E. P. Taylor of Toronto and Col. W. C. Woodward of Vancouver, two of his associates, returned about the King George V with the minister.

Mr. Howe and his party went to Britain to make arrangements for facilitating the sending of munitions and other war requirements from Canada.

DEEPLY MOOD

We have assembled a rough, difficult and perhaps a very long road before us, but the British people are united as never before in battle and I have no doubt that with your help we shall win through and so save those causes which your civilization and ours depend.

NEW YORK, Jan. 25.—The New York Times said editorially today that President Roosevelt's action in sending a personal message to the British ambassador to the United States "will be interpreted everywhere as it was intended to be interpreted, as a tribute to the courageous people whom Viscount Halifax has come to represent."

It also will be interpreted as a "renewal" of the line which binds us to them in this time of crisis, said the newspaper.

TODAY'S MESSAGE

By Major E. T. Waterston, The Salvation Army Social Service Headquarters, Edmonton, Alberta

Finding God

Revised 22, Road Bazaar 2-18

THE greater lack that mankind suffers today is not a lack of material things. There we have in abundance as compared with those which our forefathers enjoyed fifty or one hundred years ago. We are, however, actually lacking in spiritual values. We are much too busy to turn aside from our ordinary preoccupations to look for a while at the burning bushes that present themselves to us. It is this turning aside that changes men, and lifts them from the common plane of life, and fits them for consecrated service to God and their fellow-men.

In the incident which we have under consideration we find a new king rising over Egypt who knew not the God of Israel, and he undertakes to crush the growing power of the Hebrews. To accomplish this he decrees that every new-born male child should be killed. Moses was born at this period but was saved from death by his mother who hid him in the bulrushes, and for them for consecrated service to God and their fellow-men.

City Loses Horticulturist In Death Of Rev. Smith

Sonnysayings

In the death last week of Rev. Duncan Bell Smith, B.A., Edmonton lost one of its outstanding gardeners who made a beauty spot of his home at 110 street and 81 avenue.

A retired military worker, Rev. Smith, better known as "D.B.", cultivated shrubs and plants of every description. In the spring his sakakibara bushes were a mass of blossoms, later when frost came to the wild currant and hazel shrubs people passing would stop to admire the loveliness and the beauty of the garden. The hedge measured 180 feet long and about four feet high and about four feet across the top.

Rev. Smith was a mission worker with the Presbyterian Church of Canada prior to his retirement in 1903 at the age of 75. Starting life as a farm boy, in Grey County, Ont., and Port Hope, Bruce County, he was the first white child in this part of Canada. He was the eldest in a family of children in Scotland.

Early in his career he became associated with a desire to enter the mission field and so 50 years ago he offered himself to the Presbyterian Church. He was sent first to Manitoba Island north of Lake Huron, where he established missionary stations, holding services and teaching Sunday school. He even studied later he did similar work on St. Joseph's Island and in 1904 he was sent to St. John's, Nfld.

In 1907 he came west to join his parents and his home in Strathcona. His pastoral career extended north to Cape Royal, "Pike Avenue," and south to Cranberry Creek, West to Onaway and east to Cranberry Creek.

For the past 15 years "D.B." was an elder in the Knox United Church.

Group Captain Tells Airmen To "Shoot Them Down"

OTTAWA, Jan. 25.—(CP)—Group Capt. F. S. McGill, officer commanding No. 2 service flying training school here, told a group of young airmen who received their wings Friday to "shoot 'em down" when they go into action against German aircraft.

FIRE-FIGHTERS BATTLE BLAZE AT 20 BELOW

Three Premises Damaged
In Bellamy Block Friday Night

Several thousand dollars' damage by smoke and water was caused when after 8:30 p.m. Friday before the fire swept through the premises of the Bellamy block at 1004 street and 1013 avenue.

Starting from an overheated stove pipe in the premises of the Dominion Shoe Repair, 1001 1004 street, started by Nick Holmberg, the flames spread to G. Rogers' shoe and shoe repair store, next door, and thence along the roof to the Bellamy block at 1004 street and 1013 avenue.

Three premises were damaged by the fire, which was extinguished by the fire department.

The Bellamy Building, owned by the Laidlaw Ltd., 1004 street, is a five-story building, and the fire spread to the entire of the building.

CARMOSE SEAT CAMPAIGN TO OPEN TONIGHT

Low Launches Social Credit
Drive In February 6
By Election

Social credit campaign in the Carrose by election of February 6 to fill the legislative seat left vacant by the death of Hon. D. W. Matheson, minister of agriculture, will open Saturday night with an address by Hon. Solon E. Low, provincial treasurer.

The campaign will be intended next week when Premier Abernethy and several ministers will speak. Present plans call for three addresses by the party.

Nominations will close at 2 p.m. Saturday morning. Returning Officer W. Campbell will be at the office at Carrose from 12 noon to 1 p.m. on Saturday.

Returning Officer Campbell has already been notified by C. J. Sayers, district clerk, who is carrying the official Carrose banner, and C. A. Rennie, C.C.E., who carried the seat in the general election last year.

Indications are that it will be a close fight, with the Liberal and Conservative parties.

BEACONS SEND OUT DAZZLING BEAMS TO GUIDE MEN AT NIGHT, BUT BIRDS, ATTRACTED BY THE LIGHT, CRASH AGAINST THE LAMPS.

CRUSHED BODIES OF CONFUSED LITTLE SONGSTERS LITTER THE HIGHWAYS... GRIM REMINDERS THAT MAN HAS STEPPED UP HIS TEMPO OUT OF TIME.

DRAINING OF SWAMP LANDS FOR MAN'S CROPS DESTROYS THE BREEDING AREAS OF GROUND-NESTING FOWL.

OIL DISCHARGED BY SHIPS FOULS THE FEATHERS OF WATER BIRDS, AND LEAVES THEM STRANDED AT SEA.

BIRDS NOW MUST KEEP ALERT IN THEIR OWN AIR LINES TO AVOID COLLISIONS WITH MAN-MADE FLYERS.

DUCKS CRASH TO THEIR DEATHS ON WET PAVEMENT, MISTAKING IT FOR THE SHINING SURFACE OF A FRIENDLY STREAM.

WITH MODERN ACCURACY IN FIREARMS, THE FASTEST FLYING BIRDS RISK DEATH EACH TIME THEY COME IN SIGHT OF MAN.

IF YOU'LL HELP ME TO STAY HOME FROM SCHOOL TODAY, I'LL DO SOMETHING FOR YOU SOME TIME!

OKAY! HOW CAN I?

JUST YELL DOWNSTAIRS AND TELL MOM YOU'RE GONNA TAKE YOUR SHOWER!

OKAY!

I'LL BE RIGHT DOWN, MOM... SOON AS I TAKE MY SHOWER!!

WELL...WHAT'S THE NEXT STEP?

GET BACK INTO BED, AND I'LL FIX THE COVERS SO YOU WON'T BULGE TOO MUCH... THEN STICK YOUR FOOT OUT AT THE SIDE!

DID YOU CALL ME?

YES...LOOK AT MY FEET, MOM! ONE IS AWFUL SWOLLEN!

GOOD HEAVENS! YOUR CIRCULATION MUST BE BAD!

I CAN'T EVEN FEEL YOU RUBBIN' IT... I BETTER STAY HOME FROM SCHOOL TODAY!

I CAN'T EVEN FEEL YOU PINCHING IT... CROSS MY HEART, MOM!

I'D BETTER CALL YOUR FATHER!

LOOK, HENRY! ONE FOOT IS TWICE AS BIG AS THE OTHER... DON'T YOU THINK WE'D BETTER CALL A DOCTOR?

I DON'T THINK IT'S NECESSARY!

WHEN A FOOT IS THAT SWOLLEN, DON'T YOU THINK IT'S SOMETHING TO BE CONCERNED ABOUT?

NOPE!

THE THING THAT CONCERNS ME MOST IS HOW HE HAPPENS TO HAVE TWO LEFT FEET!!
